

## 101 on Cleveland Marketing Suite Opens

The marketing suite for 101 on Cleveland launched on 10th October 2019. The suite is directly opposite the site and features design and specification samples of the apartments as well as a model and large interactive screen. The suite provides a relaxing atmosphere where those interested in the development can take a virtual tour of the development on the interactive screen and also see and touch the high-quality finishes. The marketing suite is perfectly located to commence a tour which showcases all that the Fitzrovia neighbourhood has to offer.
