PEOPLE OF FITZROVIA PHOTOSHOOT WITH RICHARD LESLIE AND ALI ABBAS

Fitzrovia has come to be recognised as one of the most bohemian pockets of London, a creative district home to some of London's famous landmarks alongside a host of boutique restaurants, galleries, bars and other emerging businesses that give the area its colourful identity.

People of Fitzrovia uncovers the stories of these individuals who live and work in the area and contribute to what makes Fitzrovia so unique. This site-specific project has been conceived and curated by LUCHFORD and commissioned by Art-Invest Real Estate, Dukelease Properties and ECE.
